Professional Summary

Experienced Full Stack Developer with 7+ years of expertise in React.js, JavaScript TypeScript, GraphQL, and NodeJs. Passionate about building scalable web applications and optimizing performance. Strong problem-solving skills and a track record of delivering high-quality solutions in fast-paced environments.

Key Skills & Technologies

- React.js, JavaScript, TypeScript, GraphQL, Rest API
 - Node.js, Express, MongoDB, Firebase
 - Tailwind CSS, Bootstrap, Material UI, Ant Design, AWS, Azure, Redux, Zustand
 - Jest, Unit Testing, Performance Optimization
 - Agile Development, CI/CD, Jenkins
-

Work Experience

Full Stack Developer – Accenture (Remote)

July 2022 – February 2025

- Developed an online shop catering to gaming gadgets, enhancing user experience for specialized equipment purchases using React.js, TypeScript, Redux, GraphQL, and Tailwind CSS.
- Created a tournament section empowering users to create, join, and compete in games, fostering community engagement and interactive gameplay.
- Implemented live streaming and chat features, enabling real-time interaction among gamers, strengthening community involvement within the platform.
- Create a back-end server using Node Js with Express Js and Apollo GraphQL and MongoDB

Front-End Developer – STC Play (On Site in Saudi Arabia)

August 2019 – July 2022

- Developed and maintained user-friendly web applications using React.js, TypeScript, Redux, GraphQL, and Tailwind CSS.
- Collaborated with cross-functional teams for timely project delivery and ensured high-performance standards.
- Implemented interactive UI components and accessibility standards, improving user experience.
- Wrote clean, well-documented code and optimized front-end performance for speed and scalability.

Front-End Developer Engineer – AsiaPro (On Site in Philippines)

September 2017 – August 2019

- Built and tested browser-compliant web applications using React.js, TypeScript, SCSS, Bootstrap, Ant Design, Redux, and React Router for Single Page Applications (SPA).
- Optimized API calls in collaboration with backend engineers, improving data retrieval efficiency.
- Worked in an Agile (Scrum) environment and managed code versioning with Git.
- Ensured responsive, mobile-first design implementation and cross-browser compatibility.

Education & Certifications

Bachelors of Science in Electrical Engineering

Southern Luzon State University, 2017

Certifications:

- Front End Development Tech Degree - Team Tree House
- Full Stack Development MERN – Udemy

Portfolio Website: six-digits-pink.vercel.app

Work Authorization

- Eligible to work in Ireland under a **Critical Skills Employment Permit** (spouse visa).
